2. Written confirmations sent

Find confirmation: sent from the phone share menu at 05/10/2026 10:05

Hi A. Brown, confirming our conversation at 09:50 today. At 09:40 we uncovered fibrous sheet material under ground slab, approx. 2 m run at Ground floor, east end. It is not shown on Hazmat survey rev C, p.14. Work in that area stopped at 09:42 and the area is isolated. You instructed: stand crew in that area until hygienist attends. Currently standing: 2 workers and 20t excavator, fleet no. 12. Please let me know if any of this is incorrect. J. Smith, Example Demolition Pty Ltd
